

GMR POWERCHOCK PORTABLE 3

We make it simple to be safe

The POWERCHOCK™ PORTABLE is the POWERCHOCK™ family's economically priced model offering a high level of safety at a low price. This wheel-based vehicle restraint system is a great safety device for any facility and can be used universally for all vehicles.

The POWERCHOCK™ PORTABLE comprises a 14 inch tall hardened steel chock, restraining ground plate, wall mounted base and flexible pole.

Portable 3 communication package offers:

- Non-contact wheel sensor to ensure proper chock position.
- Interior and exterior LED lights.
- Alarm, manually armed by dock worker.

Product highlights

Warranty

The POWERCHOCK™ PORTABLE vehicle restraint system is guaranteed to be exempt from defects in fabrication and components, if used properly and as intended, for a period of one (1) year following delivery date, and includes a three (3) year limited warranty on the chock and ground plate.

Cost effective

The design of the chock and ground plate has no moving parts, meaning no costly maintenance and no lubrication required.

Superior restraint

Simple physics: the truck's weight pushes the chock teeth downward into a fixed restraining ground plate.

Easy to operate

No training is necessary to set the chock.

Engineered to last

Chock is made of hardened steel, over 4 times stronger than conventional steel. Ground plate is hot-dipped galvanized at over 800 °F. Chock has double protection: electroplated and powder coated.

Unique all weather design

The chock is designed to break through ice and snow using the weight of the truck.

Communication system with alarm

Connected to the red/green LED lights, the protected non-contact wheel sensor ensures proper chock position.

Virtually eliminates field errors

Factory pre-wired sensors and lights are tested for quality control and minimum installation time.

- ✓ **Secures 100% of vehicles**
- ✓ **Robust, great restraining force**
- ✓ **Low initial cost, low maintenance**
- ✓ **Communication with alarm**
- ✓ **Effective in winter**
